## DETAILED ACTION

### *Claim Rejections - 35 USC § 103*

1. Claims 1-4, 8-10, 19-23 are rejected under 35 U.S.C. 103(a) as being unpatentable over Kleeberger et al in view of Cumming as discussed in paragraph 1 of the last office action.
2. Claims 5-7, 11-18 are allowed.
3. Applicant's arguments filed 5/6/2004 have been fully considered but they are not persuasive. In response to applicants argument regarding the arcuate movement as claimed, Cumming discloses that the ram engages an arcuate wall (col 6 lines 28+). This reads on ram means being arcuately moveable since the ram is moving through an arcuate wall.
4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
